I. INTRODUCTION

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." (42 U.S.C. Section 2000d).

The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of Federal-aid recipients, sub-recipients, and contractors whether those programs and activities are federally funded or not.

Recently, the Federal Transit Administration (FTA) has placed renewed emphasis on Title VI issues, including providing meaningful access to persons with Limited English Proficiency.

Recipients of public transportation funding from FTA and the Virginia Department of Rail and Public Transportation (DRPT) are required to develop policies, programs, and practices that ensure that federal and state transit dollars are used in a manner that is nondiscriminatory as required under Title VI.

This document details how **ElderHomes Corporation dba project:HOMES (ElderHomes)** incorporate nondiscrimination policies and practices in providing services to the public. **ElderHomes'** Title VI policies and procedures are documented in this plan and its appendices and attachments. This plan will be updated periodically (at least every three years) to incorporate changes and additional responsibilities that arise.

Title VI of the 1964 Civil Rights Act provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving federal financial assistance (refer to 49 CFR Part 21). The Civil Rights Restoration Act of 1987 broadened the scope of Title VI coverage by expanding the definition of the terms "programs or activities" to include all programs or activities of Federal Aid recipients, sub recipients, and contractors, whether such programs and activities are federally assisted or not.

Additional authorities and citations include: Title VI of the Civil Rights Act of 1964 (42 U.S.C. Section 2000d); Federal Transit Laws, as amended (49 U.S.C. Chapter 53 et seq.); Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601, et seq.); Department of Justice regulation, 28 CFR part 42, Subpart F, "Coordination of Enforcement of Nondiscrimination in Federally-Assisted Programs" (December 1, 1976, unless otherwise noted); U.S. DOT regulation, 49 CFR part 21, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation- Effectuation of Title VI of the Civil Rights Act of 1964" (June 18, 1970, unless otherwise noted); Joint PTA/Federal Highway Administration (FHWA) regulation, 23 CFR part 771, "Environmental Impact and Related Procedures" (August 28, 1987); Joint FTA/FHWA regulation, 23 CFR part 450 and 49 CFR part 613, "Planning Assistance and Standards," (October 28, 1993, unless otherwise noted); U.S. DOT Order 5610.2, "U.S. DOT Order on Environmental Justice to Address Environmental Justice in Minority Populations and Low- Income Populations," (April 15, 1997); U.S. DOT Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient Persons, (December 14, 2005), and Section 12 of FTA's Master Agreement, FTA MA 13 (October 1, 2006).

IV. NONDISCRIMINATION ASSURANCE TO DRPT

In accordance with 49 CFR Section 21.7(a), every application for financial assistance from the Federal Transit Administration (FTA) must be accompanied by an assurance that the applicant will carry out the program in compliance with DOT's Title VI regulations. This requirement is fulfilled when the Virginia Department of Rail and Public Transportation (DRPT) submits its annual certifications and assurances to FTA. DRPT shall collect Title VI assurances from sub-recipients prior to passing through FTA funds.

As part of the Certifications and Assurances submitted to DRPT with the Annual Grant Application and all Federal Transit Administration grants submitted to the DRPT, **ElderHomes** submits a Nondiscrimination Assurance which addresses compliance with Title VI as well as nondiscrimination in hiring (EEO) and contracting (DBE), and nondiscrimination on the basis of disability (ADA).

In signing and submitting this assurance, **ElderHomes** confirms to DRPT the agency's commitment to nondiscrimination and compliance with federal and state requirements.

IX. PUBLIC OUTREACH AND INVOLVEMENT

PUBLIC PARTICIPATION PLAN

Introduction

The Public Participation Plan (PPP) is a guide for ongoing public participation endeavors. Its purpose is to ensure that **ElderHomes** utilizes effective means of providing information and receiving public input on transportation decisions from low income, minority and limited English proficient (LEP) populations, as required by Title VI of the Civil Rights Act of 1964 and its implementing regulations.

Under federal regulations, transit operators must take reasonable steps to ensure that Limited English Proficient (LEP) persons have meaningful access to their programs and activities. This means that public participation opportunities, normally provided in English, should be accessible to persons who have a limited ability to speak, read, write, or understand English.

In addition to language access measures, other major components of the PPP include public participation design factors; a range of public participation methods to provide information, to invite participation and/or to seek input; examples to demonstrate how population-appropriate outreach methods can be and were identified and utilized; and performance measures and objectives to ensure accountability and a means for improving over time.

ElderHomes established a public participation plan or process that will determine how, when, and how often specific public participation activities should take place, and which specific measures are most appropriate.

ElderHomes will make these determinations based on a demographic analysis of the population(s) affected, the type of plan, program, and/or service under consideration, and the resources available. Efforts to involve minority and LEP populations in public participation activities may include both comprehensive measures, such as placing public notices at all transit stations, stops, and vehicles, as well as targeted measures to address linguistic, institutional, cultural, economic, historical, or other barriers that may prevent minority and LEP persons from effectively participating in our decision-making process.

SOME OF THOSE EFFECTIVE PUBLIC OUTREACH PRACTICES INCLUDES:

- a. Scheduling meetings at times and locations that are convenient and accessible for minority and LEP residents of EHC senior apartment communities.
- b. Employing different meeting sizes and formats.
- c. Coordinating with community and faith-based organizations, educational institutions, and other organizations to implement public engagement strategies that reach out specifically to members of affected minority and/or LEP residents of EHC senior apartment communities.

SEE APPENDIX E-Summary of Outreach Efforts

X. LANGUAGE ASSISTANCE PLAN FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY (LEP)

SAMPLE PLAN FOR SERVING PERSONS WITH LIMITED ENGLISH PROFICIENCY (LEP)

LANGUAGE ASSISTANCE PLAN FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY (LEP)

Introduction and Legal Basis

LEP is a term that defines any individual not proficient in the use of the English language. The establishment and operation of an LEP program meets objectives set forth in Title VI of the Civil Rights Act and Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (LEP). This Executive Order requires federal agencies receiving financial assistance to address the needs of non-English speaking persons. The Executive Order also establishes compliance standards to ensure that the programs and activities that are provided by a transportation provider in English are accessible to LEP communities. This includes providing meaningful access to individuals who are limited in their use of English. The following LEP language implementation plan, developed by **ElderHomes** is based on FTA guidelines.

As required, **ElderHomes** developed a written LEP Plan (below). Using American Community Survey (ACS) Census data, **ElderHomes** has evaluated data to determine the extent of need for translation services of its vital documents and materials.

LEP persons can be a significant market for public transit and reaching out to these individuals can help increase their utilization of transit. Therefore, it also makes good business sense to translate vital information into languages that the larger LEP populations in the community can understand.

Assessment of Needs and Resources

The need and resources for LEP language assistance were determined through a four-factor analysis as recommended by FTA guidance.

Factor 1: Assessment of the Number and Proportion of LEP Persons Likely to be Served or Encountered in the Eligible Service Population

The agency has reviewed census data on the number of individuals in its service area that have limited English Proficiency, as well as the languages they speak.

U.S. Census Data -American Community Survey (2011-2015)

Data from the U.S. Census Bureau's American Community Survey (ACS) were obtained through www.census.gov by ElderHomes' service area. The agency's service area includes a total of 40,898 persons, 4.52% of the total population, with Limited English Proficiency (those persons who indicated that they spoke English "less than very well," in the 2011-2015 ACS Census).

Information from the 2011-2015 ACS also provides more detail on the specific languages that are spoken by those who report that they speak English less than very well. Languages spoken at home by those with LEP are presented below. These data indicate the extent to which translations into other language are needed to meet the needs of LEP persons.

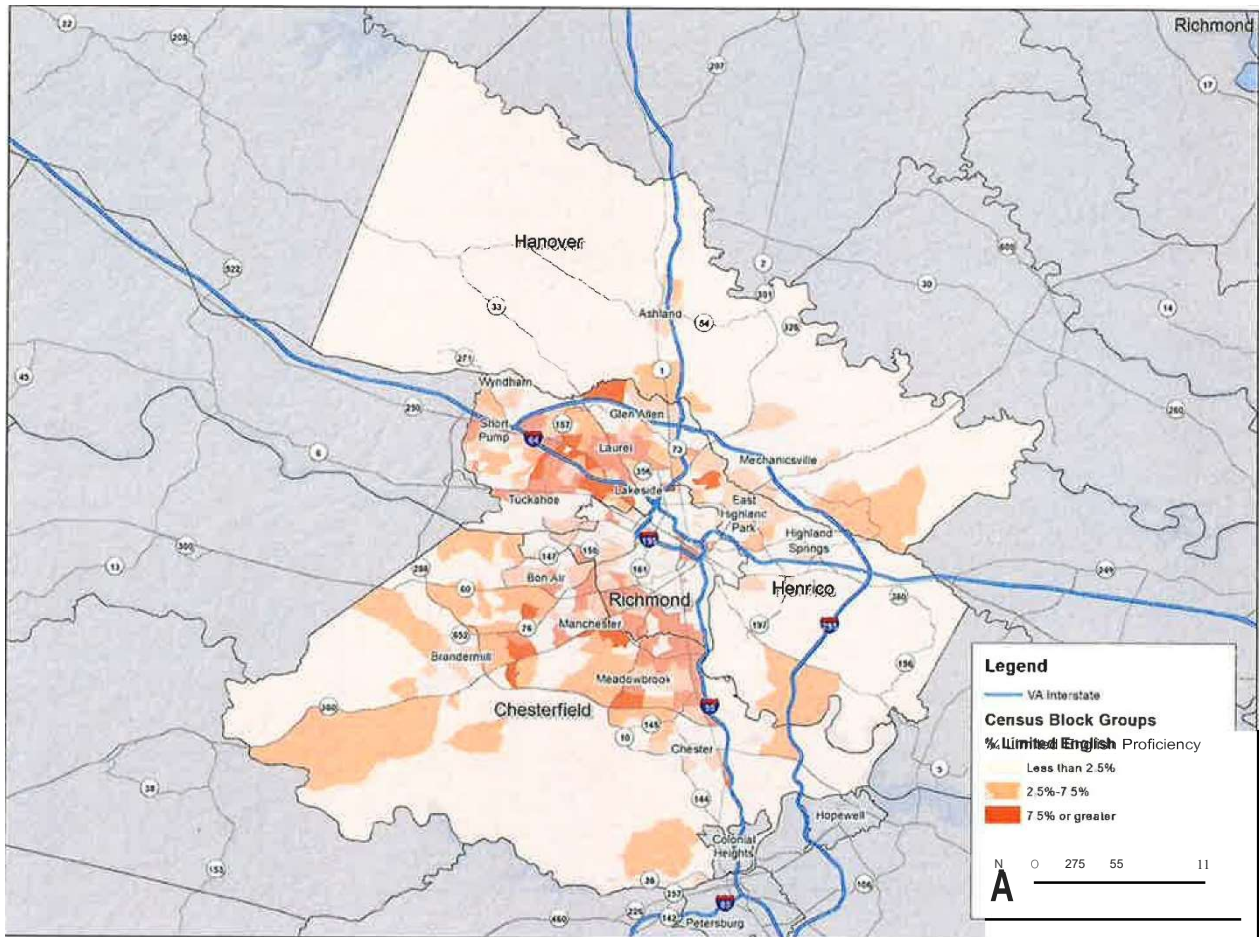

Table 1 - LEP persons by language spoken at home

Figure 1 shows the percentage of LEP individuals in each Census Block Group in the study area. There are large percentages of LEP persons in Richmond, northern Chesterfield, and Northwestern Henrico.

Figure 1 - % LEP by Census Block Group

Factor 2: Assessment of Frequency with Which LEP Individuals Come into Contact with the Transit Services or System

ElderHomes provides accessible van transportation for residents of four low-income multifamily senior apartment communities.

ElderHomes reviewed the relevant benefits, services, and information provided by the agency and determined the extent to which LEP persons have come into contact with these functions through **one or more of** the following channels:

- Contact with van drivers.
- Contact with multifamily apartment managers.
- Calls to **ElderHomes'** customer service telephone line.
- Visits to the agency's headquarters.
- Access to the agency's website.
- Attendance at community meetings or public hearings hosted by **ElderHomes** multifamily property management agents.

- Contact with the **ElderHomes** ADA complimentary accessible van transportation provided free of charge for residents of four multifamily senior apartment communities (including making reservations and communicating with drivers).

Individuals within the population serviced by complimentary van transportation provided by **ElderHomes** have not indicated they are LEP individuals, nor have they requested assistive communications regarding the complimentary van services.

We will continue to identify emerging populations as updated Census and American Community Survey data become available for our service area. In addition, when LEP persons contact our agency, we attempt to identify their language and keep records on contacts to accurately assess the frequency of contact. To assist in language identification, we use a language identification flashcard based on that which was developed by the U.S. Census <https://www.lep.gov/sites/lep/files/resources/ISpeakCards2004.pdf> if necessary.

Factor 3: Assessment of the Nature and Importance of the Transit Services to the LEP Population

ElderHomes provides the following programs, activities, and services:

Complimentary van transportation is provided for scheduled recreational outings for the residents of multifamily apartment communities:

- Omni Park Place Senior Apartments
- Parham Park Place Senior Apartments
- Parham Park Place II Senior Apartments
- The William Byrd Senior Apartments

Based on past experience serving and communicating with LEP persons and interviews with community agencies, we learned that the following services/routes/programs are currently of particular importance LEP persons in the community.

- Complimentary accessible van transportation for scheduled recreational outings

The following are the most critical services provided by **ElderHomes** for all customers, including LEP persons.

- Safety and security awareness instructions
- Emergency evacuation procedures
- Services targeted at low-income persons

Factor 4: Assessment of the Resources Available to the Agency and Costs

Costs

The following language assistance measures currently being provided by **ElderHomes**

- **ElderHomes** seeks language assistance measures that are feasible and appropriate as needed on an individual basis. Sources include, but are not limited, to in-kind bilingual assistance from volunteers, community organizations city/county departments, faith-based organizations or legal aid entities.

We anticipate that these activities and costs are not likely to increase.

Based on the analysis of demographic data and contact with community organizations and LEP persons, **ElderHomes** has determined that additional services are not needed at this time to provide meaningful access.

Resources

The available budget that could currently be devoted to additional language assistance expenses is \$0. This amount is not likely to increase over time.

In addition, in-kind assistance may be available through community organizations, other city or county departments, and volunteers who may be able to partner for language assistance services.

Feasible and Appropriate Language Assistance Measures

Based on the available resources, the following language assistance measures are feasible and appropriate for our agency at this time:

- Volunteers
- Community organizations
- Faith based organizations
- Legal aid entities
- City or county departments.

LEP Implementation Plan

Through the four-factor analysis, **ElderHomes** has determined that the following types of language assistance are most needed and feasible:

Staff Access to Language Assistance Services

Agency staff who come into contact with LEP persons will be provided with a list of available language assistance services and additional information and referral resources (such as community organizations which can assist LEP persons). This list will be updated at least annually.

Responding to LEP Callers

Staff who answer calls from the public respond to LEP customers as follows: availability of bilingual staff or volunteers.

Responding to Written Communications from LEP Persons

The following procedures are followed when responding to written communications from LEP persons: availability of bilingual staff or volunteers.

Responding to LEP Individuals in Person

The following procedures are followed when an LEP person visits our customer service and administrative office: language identification flashcard if needed, availability of bilingual staff or volunteers, use of language translation services if appropriate.

The following procedures are followed by operators when an LEP person has a question on board an **ElderHomes** vehicle: volunteer translation assistance from fellow passengers.

Staff Training

As noted previously, all **ElderHomes** staff are provided with a list of available language assistance services and additional information and referral resources, updated annually.

All new hires receive training on assisting LEP persons as part of their sensitivity and customer service training. This includes:

- A summary of the transit responsibilities under the DOT LEP Guidance.
- A summary of the agency's language assistance plan.
- A summary of the number and proportion of LEP persons in the agency's service area, the frequency of contact between the LEP population and the agency's programs and activities, and the importance of the programs and activities to the population.
- A description of the type of language assistance that the agency is currently providing and instructions on how agency staff can access these products and services; and
- A description of the agency's cultural sensitivity policies and practices.

Also, all staff who routinely come into contact with customers, as well as their supervisors and all management staff, receive annual refresher training on policies and procedures related to assisting LEP persons.

Providing Notice to LEP Persons

LEP persons are notified of the availability of language assistance through the following approaches:

- following our Title VI policy statement included on our vital documents.
- on our website.
- through signs posted in our vehicles and in our customer service and administrative offices.
- through ongoing outreach efforts to community organizations, schools, and religious organizations.

LEP persons will also be included in all community outreach efforts related to service and fare changes.

Monitoring/Updating the Plan

This plan will be updated on a periodic basis (at least every three years), based on feedback, updated demographic data, and resource availability.

As part of ongoing outreach to community organizations, **ElderHomes** will solicit feedback on the effectiveness of language assistance provided and unmet needs. In addition, we will conduct periodic internal meetings with staff who assist LEP persons and review of updated Census data of the adequacy and quality of the language assistance provided, and determine changes to LEP needs.

In preparing the triennial update of this plan, **ElderHomes** will conduct an internal assessment using the Language Assistance Monitoring Checklist provided in the FTA's "Implementing the Department of Transportation's Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient (LEP) Persons: A Handbook for Public Transportation Providers."

Based on the feedback received from community members and agency employees, **ElderHomes** will make incremental changes to the type of written and oral language assistance provided as well as to their staff training and community outreach programs. The cost of proposed changes and the available resources will affect the enhancements that can be made, and therefore **ElderHomes** will attempt to identify the most cost-effective approaches.

As the community grows and new LEP groups emerge, **ElderHomes** will strive to address the needs for additional language assistance.

XI. MINORITY REPRESENTATION ON PLANNING AND ADVISORY BODIES

Title 49 CFR Section 21.S(b)(1)(vii) states that a recipient may not, on the grounds of race, color, or national origin, "deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program."

ElderHomes has a non-elected Board of Directors, the membership of which we select.

The board recruitment process includes nomination of a prospective member by the Board Nominating Committee. Selection is based on the nominee's skills and knowledge to address the organization's strategic priorities, passion for the mission and representation of different cultures, values, and perspectives. The 13-member board is comprised of 54% women, and 31% African Americans. Six board members (37%) are either low-income and/or live in designated low-income neighborhoods.

SEE APPENDIX F- TABLE MINORITY REPRESENTATION ON COMMITTEES BY RACE

XII. MONITORING TITLE VI COMPLAINTS

As part of the complaint handling procedure, the Title VI Manager investigates possible inequities in service delivery for the route(s) or service(s) about which the complaint was filed. Depending on the nature of the complaint, the review examines span of service (days and hours), frequency, routing directness, interconnectivity with other routes and/or fare policy. If inequities are discovered during this review, options for reducing the disparity are explored, and service or fare changes are planned if needed.

In addition to the investigation following an individual complaint, the Title VI Manager periodically reviews all complaints received to determine if there may be a pattern. At a minimum, this review is conducted as part of preparing the Annual Report and Update for submission to DRPT.
